BAHCO

MORE THAN

CORD LESS

Bahco's new solution to boost productivity in vineyards and landscaping: cordless tools with removable and interchangeable batteries.

Bahco goes one step further developing cordless hand tools, to reach new levels of...

...FREEDOM

▶ *Cordless tools eliminate the need for a cable thereby allowing for maximum freedom during usage. They also eliminate the worry of having to untangle or cutting the cable.*

...DURABILITY

▶ *Lithium battery technology, combined with brushless motors, are the drivers behind the move to cordless tools. Together they offer more power and durability than ever before.*

...PRODUCTIVITY

▶ *The combination of freedom of movement and durability in this new generation of electric tools allows for outstanding levels of productivity to be achieved, making the most of the workday.*

PURE FREEDOM TO CUT & TIE

- ▶ **100%
FREEDOM**
- ▶ **No cable,
NO PROBLEM**
- ▶ **Battery replacement
IN 10 SECONDS**
- ▶ **Super
LIGHTWEIGHT**

The combination of cordless technologies and removable and interchangeable batteries allows you to work with total freedom, without having to keep an eye on the time.

ENDLESS POWER

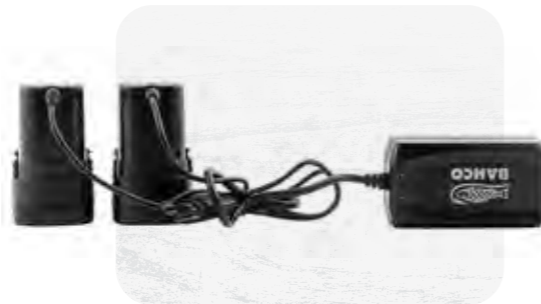

▶ Easy CONNECTION

- Removable batteries are slotted into the tools with one simple movement.

▶ Charger with DUAL CONNECTION

- One charger, connects 2 batteries at the same time and charges consecutively.
- Battery charge takes just 1.5 hours.

▶ COMPATIBILITY

- Battery pack compatible with BCL20IB secateurs and the BCL40IB tying machine.

Greater autonomy and flexibility have led to a restructuring in working methods, which is now much more productive while maintaining the precision required by this task.

NOTE: The battery is equipped with 4 Samsung lithium-ion battery cells for a longer life. Available with 2.5Ah capacity, providing a stored energy of 36 Wh. The rated voltage is 14.4V.

BCL201B

CORDLESS SECATEURS

- The double blade-opening (15 mm and 32 mm) allows fast pruning, which makes the tool particularly suited to vineyard pruning.
- The secateurs can also be used for pruning berries as well as ornamental plants in parks and gardens.

15-32mm
cutting capacity

2-3hours
run-time per battery

High quality Japanese steel blade provides high quality cutting performance

Smart Intelligent display indicating the battery autonomy

Black soft grips for high working comfort

Progressive cut with double blade –opening (15 mm & 32 mm) for different pruning needs. Smaller blade opening increases work time and saves battery power

Lubrication hole and nut lock system for easy maintenance

ON/OFF Switch

14.4V removable cordless battery pack shaped to the housing of the secateurs. Increased safety and total freedom of movement

2

battery packs

Includes

- Cordless secateurs
- Black foam case
- 2 x 14.4V lithium batteries
- Charger with a dual-connection
- 4 different adaptors (type A,C,I,G)
- Instruction guide

You can download the full instruction manual in your language using the QR-code.

TECHNICAL FEATURES

SECATEURS	BCL201B
Cutting capacity	32 mm
Weight without battery	740 g
Weight with battery	970 g
Length of the tool	285 mm
Length of the blade	60 mm (middle CB – tip of blade)
Full opening cutting capacity	32 mm
Half-opening cutting capacity	15 mm
Operating voltage	14.4 V (max. voltage 16.8V)
Power of the motor	100 W (max. power 500 W)

BATTERY

Type of battery	Lithium-Ion
Model	BCL1B031B
Rated voltage	14.4 V
Capacity	2.5 Ah
Stored energy	36 Wh
Run-time	2 – 3 hours
Charging time	1.5 hours
Charger	BCL1C41B

BCL40IB

CORDLESS TYING MACHINE

- Allows vines up to 25 mm to be tied quickly.
- A soft steel wire of 0.44 mm coated either with plastic or paper is used.
- The number of twists can be adapted. A higher number of twists increases the holding power of the tie.

0.3
seconds per tie

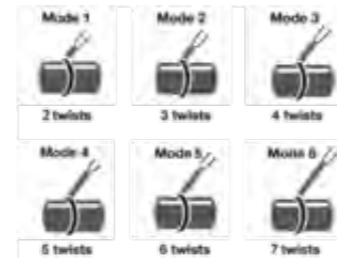

740
ties per coil

6-8 hours
run-time per battery

Tying hook up to a diameter of **25 mm**

Clip to attach the tool to a belt when not in use

ON-OFF Switch
Bobbin selector for 6 different number of twists:

14.4V removable cordless battery pack shaped to the housing of the tying machine. Increased safety and total freedom of movement

2
battery packs

Includes:

- Cordless tying machine
- Black foam case
- 2 x 14.4V lithium batteries
- Charger with a dual-connection
- 4 different adaptors (type A, C, I, G)
- Instruction guide

You can download the full instruction manual in your language using the QR-code.

Back cover with reel for **90 meter coils**. Steel wires available coated with plastic or paper

Paper

Plastic

Coil inside the reel, fully protected from weather conditions

TECHNICAL FEATURES

TYING MACHINE	BCL40IB
Tying capacity	25 mm
Weight without battery	990 g
Weight with battery	1,220 g
Dimensions	310 x 75 x 240 mm (with battery)
Tying speed	0.3 sec/ tie
Length of a coil	90 m
Number of ties per coil	Approx. 740
Operating voltage	14.4 V (max. voltage 16.8 V)
Power of the motor	

BATTERY

Type of battery	Lithium-ion
Model	BCL1B03IB
Rated voltage	14.4 V
Capacity	2.5 Ah
Stored energy	36 Wh
Run-time	6 – 8 hours
Charging time	1.5 hours
Charger	BCL1C4IB
